

We are so excited to be your child's teacher next year. For your child to be successful in 4th grade, please work on the following skills this summer.

1. Addition, subtraction, and multiplication facts- students need to have them memorized. If students are still using their fingers or a multiplication chart, math will be extremely difficult.
2. Telling time using an analog clock.
3. Please have students read at least 10 minutes a day. This will help them to keep their reading skills sharp.

Supplies are used by ALL students. Please send in the following things for next year.

1. 3 packages of lined paper
2. 1 package of copy paper
3. Twistable colored pencils
4. 2 packs of wooden pencils
5. A pair of scissors
6. A box of tissues and wipes
7. Lots of erasers

Students do not need pencil boxes or markers. We do not have space for these things and they will be sent back home.

If you have any questions or concerns, please let us know. Have a wonderful summer!

Mrs. Taylor and Mrs. Ward
