Dear Parent or Guardian:

Due to the recent passage of the Telephone Consumer Protection Act by the Federal Communications Commission (FCC), automated calling systems such as the School Messenger cannot be used for non-emergency purposes without express written consent of individuals. In order to comply with this legislation, Tucker County Schools will discontinue all non-emergency automated calls (including absence verification calls) until written consent of parents and staff can be collected and documented. Please review the permission slip below and indicate your approval to receive non-emergency messages via the School Messenger automated calling system from Tucker County Schools. Upon receipt of this document, your account will be updated accordingly within the system as per your request. Parents and staff who do not return or respond to this notice will have their School Messenger accounts deactivated effective **September 8, 2015**. If you have questions about this notification, please contact the Tucker County Board of Education at (304) 478-2771.

Student Name: \_\_\_\_\_

Parent Name: \_\_\_\_\_

Preferred Contact Number: \_\_\_\_\_

Preferred Contact Email (Optional): \_\_\_\_\_

I give my permission to receive non-emergency messages from Tucker County School district at the following phone numbers \_\_\_\_\_ via call, text or email by way of an automated dialing software, such as School Messenger.
